

Year 8

What can the Old Testament tell us about creation, the nature of God and human relationships with God?

What can we learn from the Gospels about Jesus?

Term 2

What is the Trinity and why is it so important to Christian beliefs?

Where does the Church get its authority from?

How do Jewish people experience God?

What is the significance of the First and Second Commandments?

Religious Education - Year 7 learning journey

The journey continues...

Building on what you learn in Year 7, you will continue to explore Abrahamic religions in a depth study on Islam. Within this unit you will explore key aspects of Islamic beliefs over time and the influence of these beliefs on the practices of Muslim communities. In Philosophy and Ethics, exploring a range of issues including the nature of suffering. We will then move on to begin our study of Eastern religions and their practices.

Welcome to Year 7. Induction and transition activities
